

CHANGE THE FUTURE. TRANSFORM WITH US.

BOOZ ALLEN INTERNSHIP FOR UNIVERSITY STUDENTS

Summer Games Internship Program

YOUR TURN

High-tech navigation systems for the blind, ways to fight human trafficking, diagnostic tools to help communities solve opioid addiction: all created by associates just starting their careers at the firm. We know good ideas can come from anyone—no matter their level of experience. At Booz Allen, our purpose is to empower our people: consultants, engineers, scientists, analysts, and cyber professionals with different backgrounds and strengths to create change. Ready for the thrill of assessing, engineering, and solving the unknown? Combine your technical and consulting skills at Booz Allen to pursue something bigger.

GAME ON

Welcome to one of the most unique summer internship programs in our field. Many of our biggest thinkers got their start in our Summer Games

Internship Program - a training ground where Booz Allen interns have the opportunity to become leaders.

What: An intensive project-based internship program driven by your solutions.

Who: Thousands apply. A select cohort is accepted. Do you have what it takes?

Mission: Collaborate with your teammates all summer on a single Challenge Project in the areas of capability development, process improvement, or social good.

Culmination: In the final week, you'll present your work to a judging panel of Booz Allen leadership. Only one team will win the coveted Summer Games Challenge Cup. Will you be part of our next winning team?

Examples: Past winning projects include technology to combat human trafficking by detecting heartbeats in

About Summer Games

If you're accepted into Summer Games, forget cookie-cutter, hypothetical challenges. You'll be asked to create powerful solutions to big, complex, real-world problems—the kind of problems we tackle every day at Booz Allen. Because if we join forces after graduation, we need to know you can tackle them too.

[Apply to Summer Games 2023!](#)

shipping containers, assistive technology for people who are blind, de-icing technology for unmanned aerial vehicles, and drones that use machine intelligence to help the warfighter.

OWN YOUR EXPERIENCE

We invest in our people. Through training and mentorship opportunities including lunch-and-learn events, conferences, and social networking events; you'll have the chance to learn even more about our clients, your teammates, and the work you love. You'll have access to leaders and get to

give back by participating in community service projects across the country. In addition, you'll have the opportunity to join one (or all) of our [Business Resource Groups \(BRGs\)](#) to build community and find commonalities with co-workers.

FIND YOUR FIT

Whether you love solving problems, engineering ideas, or building solutions, there's a place for you at Booz Allen. We're looking for passionate people with ingenuity and resourcefulness for our team of interns in the areas of:

- Technology
- Computer science
- Cybersecurity
- Data Science
- Consulting
- Analytics
- Engineering
- Math

Join us. The world can't wait.
